

Hi,

Thank you again for your report, our latest fix version for:

Android 11.26, download url <https://shouji.sogou.com/>

Windows 13.7, download url <https://pinyin.sogou.com/windows/>

Please test for this version, if there is any risk of unrepaired please contact us, we will deal with it immediately.

In addition, can you tell us the exact time, website and specific content of the vulnerability disclosure so that we can prepare in advance?

If you have any questions or concerns, please let us know.

With best wishes,

Sogou Pinyin Method Team
